## DOING WELL BY KOREA

Bishop Harris Talks on Good Work Done There by Japanese.

"I will make it a part of my duty to call upon President Roosevelt and Secretary Root while I am in Washington and tell them that from my own knowledge I am convinced that Prince Ito and Hayashi are in earnest in their desire to improve conditions in Korea and are working patiently and earnestly for the good of that country," said Bishop Harris, of Tokio, the head of the Methodist church and its mission work in the Orient, who was a passenger on the Korea on Thursday. The Bishop made this statement in relation to the assassination of the late D. W. Stevens, with whom he was well acquainted, and the work of the Korean League to influence sentiment in official circles and among the public in America against Japan's Korean policy.

Bishop Harris states that the general sentiment among the mass of the Korean people is not hostile to the Japanese, the people generally favoring the system of government inaugurated. Plenty of complaints were to be heard, but these came from Korean officials who had been deprived of office and from few others, the people generally welcoming the reduction of taxation brought about by the change of government and the doing away with the blackmailing and oppression of their own officials.

"The occupation of the country by the Japanese seems to be the hand of Providence working for the good of Korea," is the summarizing of the situation in the Bishop's words, who stated further that the friendliness of the Korean Crown Prince with the family of the Mikado and the general better acquaintance between the two peoples was bringing about a better understanding and lessening whatever friction there might be.

From the standpoint of his own work the progress being made in both Japan and Korea was wonderful. In both countries Christianity was making giant strides. Throughout the country districts in Japan Shintoism and Buddhism were giving way before Christianity, not to be a Christian in some districts being the exception, while among the conservative upper classes some converts are being made. The three branches of the Methodist church, the Northern, Southern and Canadian branches, have united in the Orient and a Japanese, Mr. Honda, has been ordained as a Bishop. In the

## FRANTIC WOMEN

Organic disturbances of the feminine system act like a firebrand on the nerves of women, often driving them fairly frantic.

A nervous, irritable woman is a source of misery not only to herself, but to all those who come under her influence. That such conditions can be entirely overcome by taking

### LYDIA E. PINKHAM'S VEGETABLE COMPOUND

is proven by the following letters. Mrs. Mary Wood, of Christiana, Tenn., writes to Mrs. Pinkham: "I had the worst form of female troubles and my nerves were all torn to pieces; sometimes I suffered so much that it seemed as though I could not live. I began to take Lydia E. Pinkham's Vegetable Compound and now I feel like a different person. Your medicine is worth its weight in gold, and I cannot say enough for your advice."

Mrs. Wallace Wilson, Thompsonville, Conn., writes to Mrs. Pinkham: "I was all run down, nervous, and could not rest nights. Doctors failed to help me. Lydia E. Pinkham's Vegetable Compound restored me to perfect health."

**FACTS FOR SICK WOMEN.** For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and has positively cured thousands of women who have been troubled with displacements, inflammation, ulceration, irregularities, periodic pains, backache. Why don't you try it? Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. Address, Lynn, Mass.

work the Japanese government is helping.

In Korea the wave of Christianity has swept over the country in a wonderful manner, converts coming in for baptism faster than churches can be built to accommodate them.

### THE BLUE OR TILE GRAY.

Much of the time of the police court yesterday morning was taken up in determining whether John Furst and M. Anderson, who live together in a cottage near the corner of King and Punchbowl, were the pair who rode in Sin Wai's hack on Saturday night and then refused to pay fare, thumping him when he insisted. The main point in the case appeared to be the color of Furst's pants, these having been blue when he was supposed to be licking the Chinaman, but which were gray when he was arrested in the bosom of his family a few minutes afterwards by a policeman summoned to the hack-driver's assistance. The color of the garments and the testimony of relatives that he had been home in peace established his alibi, and the charge against both him and Anderson was dismissed.

Elekeala Kauai was tried for drunkenness, having squatted in a basket of live ducks in a Chinese store the afternoon before. He explained that he had merely tripped and joined the ducks by accident, being dismissed. Walter Kanahi pleaded guilty and was fined \$3.

## WORK OF CHINESE INFORMATION COMMITTEE

The special committee on the work of spreading information appointed at the Chinese mass meeting this week made their plans for work yesterday. They have already sent, at the suggestion of the Governor, copies of the resolutions passed, direct to the President, the presiding officer of the Senate, the Speaker of the House, Secretary Straus, and to Commissioner General of Immigration Sargent, as well as to the principal Eastern newspapers. They are sending a cable account of the friendly mass meeting to the Associated Press.

The next mail to the Coast will take several hundred copies of the following letter to the editors of that number of the principal newspapers of the United States, with enclosed information as to the Chinese conditions in Hawaii. This is but the first move of the campaign of friendly education for the people of America, to make way for a modification of the exclusion laws after the presidential election. The Chinese plan to keep at it until they secure something. The Chinese proverb says: "Sin tsin pat chut, dai tsin pat yup." "If a little money is not put out, you cannot expect a great return to come in." They expect to put forth effort, and some expense, to secure the hoped-for returns more favorable to Hawaii. Herewith the letter:

Honolulu, Territory of Hawaii, April 25, 1908.

To the Editor

Dear Sir.—One of the greatest questions before America today is, what shall be the future relations between the people of the United States and the people of China? In the near future a new treaty is to be made between America and China. Before that is done, the intelligent, thinking people, not of one section only, but of the whole country, should carefully consider this question. Large interests, present and future, are involved; and in the cause of right and liberty, and the future development and prosperity of the United States this important matter should receive careful attention.

The Chinese of Hawaii wish the American people to understand more clearly the real conditions found in this Island Territory. News items and articles of special interest will be sent to all newspapers and magazines who would like to publish the same.

Hawaii is becoming, not only the most remarkable place in the Pacific, but is fast growing to be one of the important world centers. Here are gathered people from all the great nations. Here in Honolulu the East and the West, the Orient and the Occident, constantly meet in friendly intercourse. The world comes to us, and Hawaii is now becoming a great international experimental station. Almost every man of world-wide fame, and every traveler, will in time surely touch at these Pacific Islands. The visit of the great American fleet this summer will bring Hawaii more prominently than ever before the American people. We want your readers to know of the Chinese of Hawaii, and their needs. Herewith is an article that you may be able to use. We will send others if you wish.

Very truly yours, Chairman Information Committee.

## THE WEEK'S DOINGS IN OLD LAHAINA

George Dunn is home from the St. Louis school visiting his parents for a few days.

## WHY THE WIDOW WAS RELEASED

She Had Given Hostage to Fortune in Five Children.

Deputy United States Marshal Harry Bruns and Deputy Collector of Internal Revenue Ralph Johnston, made a raid up Pacific Heights Thursday night, and captured an okolehao outfit. The place was that of Sun Sul, a Chinese woman with five children who lives in a small house not far from where the Japanese tea house used to be in the glorious days of Pacific Heights.

The outfit is a crude affair, but there was some of the finished product secured in bottles in a small outhouse near the main house. The place is a small one and very poorly furnished, and the woman and her five children lived in one room.

Before Commissioner Hatch yesterday morning she was released on her own recognizance for a day to enable her to secure bondsmen. As she has given hostage to fortune in the shape of five small children, there was no fear that she would skip out at once.

## SAILED YESTERDAY FROM VANCOUVER

Kubelik sailed from Vancouver at 5 p. m. yesterday and is due in Honolulu next Friday. Manager Adams received a cable to that effect at two o'clock yesterday. This settles the question of the visit of the great violinist for at the end of the cablegram was the assurance that the steamer will arrive here on Friday in ample time for the concert to be given and it contained an intimation that it might be a night concert. The Marama is one of the fleetest of the steamers in the Canadian-Australian line so that the wishes of Kubelik and Adams may be gratified. The program was outlined in a cable received on Thursday and it is said to be of wide range and the selections are of the class enjoyed by judges of good music. The vocal soloist who is a member of the company will be a tremendous favorite as will be the pianist. The selection of these artists was made under the direction of Kubelik for the reason that he insists that those who are with him on tour shall be the best in their respective professions. The demand for seats keeps up, yesterday's sale being largely of the down stairs places of which there are some very good ones left. Wall, Nichols Co., Ltd., will attend to the wants of the public in this respect.

## Don't Worry About That Bald Spot

Don't Worry About That Bald Spot for if the scalp is smooth and shiny the baldness has come to stay. Better direct your apprehension toward the hairs immediately surrounding the spot, for they will be the first to go, unless you kill the dandruff germ and keep it out of the scalp with Newbro's Herpicide.

The time to save your hair is while you have hair to save. Extraordinary results sometimes follow the continued use of Newbro's Herpicide.

Doctor Waterhouse, a well known physician of Iowa, and a member of the firm of Dyer & Waterhouse, advised the Rev. R. N. Toms, Pastor of the First Presbyterian Church at Charter Oak, Iowa, to use NEWBRO'S HERPICIDE; read his letter about it.

Messrs. Dyer & Waterhouse, Druggists, Charter Oak, Iowa.

Gentlemen:—The Herpicide you recommended to me for use as a remedy for dandruff and baldness has proved a great success. I have used only one bottle and the result is surprising. The scalp has been thoroughly cleansed from dandruff, the old hair has softened and strengthened; while short, soft hair has already appeared in the bald spots; and I have been greatly relieved from headaches. I most earnestly recommend all afflicted, as I have been, to try NEWBRO'S HERPICIDE.

(Signed) REV. R. N. TOMS, Pastor First Presbyterian Church, Charter Oak, Iowa.
